2	inadequate wastewater and storm water management, or
3	environmental pollution, including water pollution, air pollution,
4	sewage and solid waste, radioactive waste, thermal pollution,
5	radiation contamination, and noise pollution, and that these
6	conditions may well exist, from time to time, in other areas of the
7	state.
8	(2) That in some areas of the state such conditions are chronic and
9	of long standing and that without remedial measures they may
10	become so in other areas of the state.
11	(3) That economic insecurity due to unemployment, inadequate
12	drinking water, inadequate wastewater and storm water
13	management, or environmental pollution is a menace to the
14	health, safety, morals, and general welfare of not only the people
15	of the affected areas but of the people of the entire state.
16	(4) That involuntary unemployment and its resulting burden of
17	indigency falls with crushing force upon the unemployed worker
18	and ultimately upon the state in the form of public assistance and
19	unemployment compensation.
20	(5) That security against unemployment and the resulting spread
21	of indigency and economic stagnation in the areas affected can
22	best be provided by:

25	development projects, mining operations, and agricultural
26	operations that involve the processing of agricultural products;

29	ages throughout the state by the promotion, attraction,
30	construction, renovation, rehabilitation, and revitalization of
31	and assistance to educational facility projects.
32	(6) That the present and prospective health, safety, morals, right
33	to gainful employment, and general welfare of the people of the
34	state require as a public purpose the provision of safe drinking
35	water, the provision of wastewater and storm water
36	management, the abatement or control of pollution, the
37	promotion of increased educational enrichment (including
38	cultural, intellectual, scientific, or artistic opportunities) for
39	people of all ages through new, expanded, or revitalized
40	educational facility projects or through assisting educational

facility projects, and the promotion of employment creation or

retention through development of new and expanded industrial

41

42

1	development projects, rural development projects, mining
2	operations, and agricultural operations that involve the processing
3	of agricultural products.
4	(7) That there is a need to stimulate a larger flow of private
5	investment funds from commercial banks, investment bankers,
6	insurance companies, other financial institutions, and individuals
7	into such industrial development projects, rural development
8	projects, mining operations, international exports, and agricultural
9	operations that involve the processing of agricultural products in
10	the state.
11	(8) That the authority can encourage the making of loans or leases
12	for creation or expansion of industrial development projects, rural
13	development projects, mining operations, international exports,
14	and agricultural operations that involve the processing of
15	agricultural products, thus putting a larger portion of the private
16	capital available in Indiana for investment to use in the general
17	economic development of the state.
18	(9) That the issuance of bonds of the authority to create a
19	financing pool for industrial development projects and carrying
20	out the purposes of IC 13-18-13 and IC 13-18-21 promoting a
21	substantial likelihood of opportunities for:
22	(A) gainful employment;
23	(B) business opportunities;
24	(C) educational enrichment (including cultural, intellectual,
25	scientific, or artistic opportunities);
26	(D) the abatement, reduction, or prevention of pollution;
27	(E) the provision of safe drinking water;
28	(F) the provision of wastewater and storm water
29	management;
30	(E) (G) the removal or treatment of any substances in
31	materials being processed that otherwise would cause
32	pollution when used; or
33	(F) (H) increased options for and availability of child care;
34	will improve the health, safety, morals, and general welfare of the
35	people of the state and constitutes a public purpose for which the
36	authority shall exist and operate.
37	(10) That the issuance of bonds of the authority to create a
38	funding source for the making of guaranteed participating loans
39	will promote and encourage an expanding international exports
40	market and international exports sales and will promote the
41	general welfare of all of the people of Indiana by assisting Indiana

11	state;	
12	(2) promoting the educational enrichment (including cultural,	
13	intellectual, scientific, or artistic opportunities) of all the people	
14	of the state by the promotion, development, and assistance of	
15	educational facility projects;	
16	(3) promoting affordable farm credit and agricultural loan	
17	financing at interest rates that are consistent with the needs of	
18	borrowers for farming and agricultural enterprises;	
19	(4) preventing and remediating environmental pollution,	
20	including water pollution, air pollution, sewage and solid waste	
21	disposal, radioactive waste, thermal pollution, radiation	
22	contamination, and noise pollution affecting the health and

SECTION 66. IC 5-13-12-7, AS AMENDED BY P.L.4-2005,

SECTION 26, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 7. (a) The board for depositories shall manage and operate the insurance fund. - (b) Effective January 1 and July 1 in each year, the board shall before those dates redetermine the amount of the reserve to be maintained by the insurance fund. The establishment or any change in the reserve for losses shall be determined by the board based on a study to be made or updated by actuaries, economists, or other consultants based on the history of losses, earnings on the funds, conditions of the depositories, economic conditions affecting particular depositories or depositories in general, and any other factors that the board considers relevant in making its determination. The reserve determined by the board must be sufficient to ensure the safekeeping and prompt payment of public funds to the extent they are not covered by insurance of any federal deposit insurance agency.
- (c) At the end of each biennial period during which depositories have had public funds on deposit under this chapter and paid the assessments levied by the board, the board shall compute its receipts from assessments and all other sources and its expenses and losses and determine the profit derived from the operation of the fund for the period. Until the amount of the reserve for losses has been accumulated, all assessments levied for a biennial period shall be retained by the fund. The amount of the assessments, if any, levied by the board shall, to the extent the fund exceeds the reserve for losses at the end of a biennial period commencing July 1 of each odd-numbered year, be distributed to the depositories that had public funds on deposit during the biennial period in which the assessments were paid. The distribution shall be made to the respective depositories in the proportion that the total assessments paid by each depository during that period bears to the total assessments then paid by all depositories. A distribution to which any closed depository would otherwise be entitled shall be set off against any claim that the insurance fund may have against the closed depository.
- (d) The board may invest, reinvest, and exchange investments of the insurance fund in excess of the cash working balance in any of the following:

7	an open-end no-load management-type investment company or
8	investment trust registered under the provisions of the Investment
9	Company Act of 1940, as amended (15 U.S.C. 80a et seq.).
10	(3) In bonds, notes, certificates, and other valid obligations of a

27	and section 8 of this chapter.
28	(8) In bonds, notes, or other valid obligations of the Indiana

35	subject to the limitations in subsection (e).
36	(9) In notes or other debt obligations of counties, cities, and towns
37	that have been issued under IC 6-1.1-39 for borrowings from the

18	(3) Total outstanding investments in guarantees of bond bank
19	obligations under subsection (d)(7) must not exceed the greater
20	of:

33	and the board may invest an amount equal to the remainder, if
34	any, of:

3	the insurance fund or thirty-four million dollars (\$34,000,000).	
4	(5) Total outstanding investments in notes or other debt	
5	obligations of counties, cities, and towns under subsection (d)(9)	
6	may not exceed the greater of:

8	fund; or	
9	(B) twelve million dollars (\$12,000,000).	
10	(f) For purposes of subsection (e), the available balance of the	
11	insurance fund does not include the outstanding principal amount of	
12	any fund investment in a corporate note or obligation or the part of the	
13	fund that has been established as a reserve for losses.	
14	(g) Except as provided in section 4 of this chapter, all interest and	
15	other income earned on investments of the insurance fund and all	
16	amounts collected by the board accrue to the fund.	
17	(h) Members of the board and any officers or employees of the	
18	board are not subject to personal liability or accountability by reason	
19	of any investment in any of the obligations listed in subsection (d).	
20	(i) The board shall, when directed by the state board of finance	
21	constituted by IC 4-9.1-1-1, purchase the loan made by the state board

27	Members of the board and any officers or employees of the board are

30	SECTION 67. IC 5-13-12-8 IS AMENDED TO READ AS	
31	FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 8. (a) The board for	
32	depositories, in making the industrial development obligation or credit	
33	enhancement obligation guarantees authorized under section 7(d)(6) of	
34	this chapter, shall comply with the following limitations:	
35	(1) A guarantee shall be made only of industrial development	
36	obligations or credit enhancement obligations for the purpose of	
37	retaining, retaining and expanding, or bringing significant	
38	employment into Indiana, as determined by the board under	
39	subdivision (3)(A).	
40	(2) Each industrial development obligation or credit enhancement	
41	obligation must be guaranteed not only by the board but also by	

the Indiana development finance authority created by IC 4-4-11.

1	Each guarantee must provide that in the event of a valid claim of
2	loss by the lender, the lessor, or the issuer of the credit
3	enhancement arising under the industrial development obligation
4	or credit enhancement documents, the amount of the loss, up to
5	two million dollars (\$2,000,000), shall first be paid by the
6	industrial development project guaranty fund created by
7	IC 4-4-11-16, and only the remainder of the loss, if any, shall to
8	the extent guaranteed be paid by the public deposit insurance
9	fund. Neither fund is responsible for the amount due from the
10	other under its guarantee.
11	(3) The guarantee of the industrial development obligation or
12	credit enhancement obligation by the board for depositories must
13	be recommended by the Indiana development finance authority.
14	Subject to that recommendation, the board for depositories may
15	make the guarantee if it determines:
16	(A) that the guarantee creates a reasonable probability that loss
17	in Indiana employment that would occur will be significantly
18	reduced or that Indiana's employment will be significantly
19	expanded;
20	(B) that the consequent reduction in employment loss or the
21	expansion in employment will enhance the economic stability
22	of the community or communities in the state where the
23	borrower or lessee conducts its business;
24	(C) that there is reasonable probability that the industrial
25	development obligation will be repaid or satisfied or that the
26	credit enhancement will be satisfied; and
27	(D) that the industrial development obligation or credit
28	enhancement obligation and guarantee are protected against
29	loss and the borrower or lessee has agreed to pay the insurance
30	fund a guarantee premium annually as provided in subdivision
31	(6).
32	(4) Protection against loss on the industrial development
33	obligation or credit enhancement obligation guaranteed will be
34	provided:
35	(A) in loan transactions by:
36	(i) a valid security agreement;
37	(ii) mortgage;
38	(iii) combination of (i) and (ii); or
39	(iv) other document; and
40	(B) in lease transactions by the guaranteed party's rights as
41	owner of the leased property.
42	(5) The term of the guarantee must not exceed twenty (20) years.

The amount of the guarantee provided by the board, together with	
(ii) ninety percent (90%) of the appraised fair market value	
of the real estate;	
if the obligation is backed by real estate;	
(B) the lesser of:	
(i) seventy-five percent (75%) of the unpaid balance of the	
obligation; or	
* * * * * * * * * * * * * * * * * * * *	
the terms of the indenture applicable to the bond bank obligation.	
(3) The board for depositories may agree to other terms for each	
guarantee that the secretary-investment manager certifies as being	
commercially reasonable and that the board, in its judgment,	
	the corresponding guarantee to be provided by the industrial development project guaranty fund under subdivision (2), must not exceed:  (A) the lesser of: (i) ninety percent (90%) of the unpaid balance of the obligation; or (ii) ninety percent (90%) of the appraised fair market value of the real estate; if the obligation is backed by real estate; (B) the lesser of: (i) seventy-five percent (75%) of the unpaid balance of the obligation; or (ii) seventy-five percent (75%) of the appraised fair market value of the equipment; if the obligation is backed by equipment; or (C) a weighted average of the figures derived under clauses (A)(ii) and (B)(ii) if the obligation is backed by real estate and equipment. (6) The guarantee premium to be received by the public deposit insurance fund for the guarantee must be at an annual percentage rate on the outstanding principal amount of the industrial development obligation or the credit enhancement obligation of not less, in the discretion of the board, than the market rate for guarantees, mortgage insurance rates, or letters of credit used for similar purposes at the time the guarantee is made. However, the annual percentage rate must not exceed two percent (2%) of the outstanding principal obligation. (b) The following conditions apply to the making of bond bank obligation guarantees under section 7(d)(7) of this chapter: (1) Each bond bank obligation guaranteed must be secured by a pledge of securities of a qualified entity (as defined in IC 5-1.5-1-8) under an indenture of trust requiring an adequate debt reserve fund.  (2) The board for depositories shall fix the one (1) time or annual charge to be paid by the bond bank for each guarantee in an amount considered by the bond bank for each guarantee in an amount considered by the bond bank for each guarantee in an amount considered by the bond bank for each guarantee in an amount of the indenture applicable to the bond bank obligation.  (3) The board for depositories may agree to other terms for each guarantee that the secr

acterm	mes	ω	UC	proper.

(c) Any claim, loss, or debt arising out of any guarantee authorized by section 7(d)(6) or 7(d)(7) of this chapter is the obligation of the board for depositories payable out of the public deposit insurance fund only and does not constitute a debt, liability, or obligation of the state or a pledge of the faith and credit of the state. The document evidencing any guarantee must have on its face the words, "The obligations created by this guarantee (or other document as appropriate) do not constitute a debt, liability, or obligation of the state or a pledge of the faith and credit of the state but are obligations of the board for public depositories and are payable solely out of the public deposit insurance fund, and neither the faith and credit nor the taxing power of the state is pledged to the payment of any obligation hereunder.".

(d) Any claim of loss by a lender or lessor under a guarantee authorized by section 7(d)(6) or 7(d)(7) of this chapter, at the time it is made in writing to the board, has priority against the fund on all claims made after that time.

SECTION 68. IC 5-13-12-10 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 10. With regard to direct obligations of the Indiana development finance authority that have been issued in conjunction with an industrial development project undertaken by the authority, including those obligations that are guaranteed by the board under this chapter or purchased by the board under section 7(d)(8) of this chapter, the board may upon the request of the authority permit a subordination of any valid security agreement, mortgage, combinations thereof, or other appropriate document securing the direct obligations, if the board in its discretion determines that the subordination is reasonably necessary to accomplish the objectives of the industrial development project.

- (f) Before December 31 of each year, the Indiana development finance authority may assess the demand for tax credits under this chapter and determine whether the need for other brownfield activities is greater than the need for tax credits. If the Indiana development finance authority determines that the need for other brownfield activities is greater than the need for tax credits, the authority may set aside up to three-fourths (3/4) of the amount of allowable tax credits for the subsequent state fiscal year and use it for other brownfield projects.
